02

RESPIRATORY PATHOGEN

03

WOUND CARE

04

URINARY TRACT INFECTION

05

NAIL AND PARONYCHIA

- Utilization of quantitative Real-Time PCR to rapidly analyze a patient's sample
- PCR technology precisely detecting and identifying the species of microbes therefore a definitive diagnosis can be quickly determined for the patient
- our testing identifies and reports antibiotic drug resistance so that physicians can prescribe the right medication therapy at the start of treatment
- Pathogen detection panels provide comprehensive and targeted pathogen tests for the following most-required tests
- PCR-based testing has been shown to reduce cost, time, and other resources that patients and clinicians often are burdened with when sepsis is suspected.
- Molecular testing can reveal a greater number of bacterial, viral, and fungal species as opposed to what culture results demonstrate
- Cultures usually mean a long process of trial and error, ruling out species after species until you have only one option left using observable characteristics
- Rapid molecular diagnostics have an accuracy rate of approximately 99.8%

CLINICIANS SEEK
3 SIMPLE TRUTHS

1. Is the patient infected?
2. If so, with what?
3. What will treat the issue?

With these new rapid specialty molecular testings, we can help physicians *accurately treat potential risks* to determine susceptibility to infection for proper antibiotic treatment

We also offer...

PERSONALIZED
PRESCRIPTION PADS

Personalized orders for specialty doctors to deliver unique compounded medication to be mailed to patient's home with consultation call from the pharmacist

Rapid
Molecular Tests
are covered by
ALL insurances

48-72 hour turnaround time

KIOSK PHARMACY

In-house pharmacy kiosks that can be placed in physician group centers, urgent care centers, and hospitals to allow patients access to receive medication at point-of-care as well as accepting all forms of insurance and co-pay with real time automated adjudication and claim processing

CLINICAL CONFIDENCE

DECREASED PATIENT RISK

SPECIALTY TESTING

Boutique-styled laboratories with patient-centric services; promptly delivering results via portal, fax, encrypted email, etc. along with client relations contact for any assistance

Detects poly-microbial infections

Identifies potential antibiotic resistance

Reduces false negative results

Reduces potential for unnecessary drug exposure and adverse events

PRACTICAL. ECONOMICAL. BENEFICIAL.

LETTER FROM THE PRESIDENT

Dr. Imran Qureshi
President

Dear Members, Donors, and Volunteers,
Assalaamu Alaikum,

2018 has been a major transitional year for IMANA and IMANA Medical Relief (IMR), and because of support of friends like you, our mission has continued on as we transition from a member-based association model to a service-based model. This paradigm shift arose from extensive strategic planning initiated in 2017. Our work toward accomplishing IMANA's mission to foster health promotion, disease prevention, and health maintenance in communities around the world through direct patient care, health programs, and advocacy continues to improve as we continually reassess progress and make investments that will be most impactful.

As we close out 2018 and look ahead to 2019, we would like to stop and reflect on this year of change and improvement.

At our 2018 annual convention in Cancun, the general body voted to change the bylaws of the organization resulting in the creation of singular Board of Directors. This will allow a more effective flow of decision making for the organization creating a higher degree of efficiency and faster implementation of plans and policies.

IMANA is closely following the fundraising and development plan created for the organization with IMR driving the process with an increase of 38% in donations for 2018. The more individuals that are engaged with the work of IMR, the more lives can be saved. Our organization is now featured on Charity Navigator and GuideStar, which will increase our level of fiscal transparency. As in prior years, the CPA audit is included in this report as part of IMANA's commitment to accountability.

IMANA Medical Relief dramatically increased the number of lives touched in the last year. In addition to our ongoing missions and health care projects, we sent over 40 teams for the new SaveRohingya mission this year. Started in late 2017 and with over 147,000 treated this year in Bangladesh, our total of Rohingya

patients who were provided free care crossed the 150,000 mark. We increased the number of medical missions to Jordan to six per year, and we launched our inaugural pediatric surgery mission to Palestine. The total number of patients regaining their eyesight with the IMR-supported cataract surgery project in Pakistan reached 5,000. We remained engaged in Gaza and Yemen by sending large consignments of critically-needed medicines and supplies. Disaster relief this year included aid to those affected by the Indonesia tsunami, hurricanes Michael and Florence in the Southeast United States, and the wildfires in California.

As far as awareness goes, we have expanded our reach this year through events and promotional efforts. Our Evening With IMANA dinners reached Chicago, Denver, Cleveland, and Knoxville. We increased our social media followers by an average of 263% across our platforms. We have also increased engagement of the news media with coverage of our initiatives.

In order to keep the engine running at headquarters and to accommodate our rapidly growing international footprint, we have carefully invested in expanding our staff to allow us to carry on our operations with improved efficiency and performance in 2018. We continue to collaborate with our strategic consultant, Dr. Richard Klopp, to help us navigate our expanding projects and missions.

I hope you are making plans to join us from July 27-August 1 in Park City, Utah for our annual IMANA conference. Don't miss out on this excellent opportunity for quality family time and networking within a program supporting Islamic values.

We are positioned to improve upon the success of this year further in 2019. With your partnership, there are no limits to what we can achieve together, Inshallah.

EVENINGS WITH IMANA

You made quite an impact this year by attending our dinners and supporting our missions.

CHICAGO • CLEVELAND • DENVER • KNOXVILLE

CONVENTIONS ATTENDED

Our booths at conventions this year were very busy. Many stopped by and learned more about our life-saving missions around the world, our volunteers, and ways to become part of these missions and much more.

ICNA-MAS Convention

ACP Internal Medicine Meeting Convention

Muslim Mental Health Conference

ISNA Annual Convention

STRATEGIC PLAN UPDATE

Much progress has been made against the comprehensive strategic plan that IMANA set forth in late 2017. We have made inroads in lightening the hierarchical leadership of the organization by transitioning to a flat board of directors. Reassessment of the membership-focused logic of the organization and movement to a service-based model with IMANA Medical Relief (IMR) as a primary new donor and volunteer acquisition tool is complete. In this model, new donor and volunteer growth by necessity becomes the main developmental focus of the organization.

There is still much work that needs to be done. IMR and local U.S. medical service opportunities need tighter integration, and both need a stream-

lined platform for easy access, support, and great marketing. The IMANA HQ team requires more personnel investment for development, new donor and volunteer recruitment, and fundraising, since historically there have been missed opportunities for new donors and volunteers with the current bandwidth.

All of the items mentioned above will require increased capacity to do state-of-the-art acquisition, cultivation, and solicitation of this pipeline. More funds raised will allow for building more capacity at HQ to drive an organization that will be more fulfilling to its membership and be more agile and responsive to medical needs at home and abroad.

Progress To-Date

1. Change of bylaws – complete
2. Transition from membership model to service orientation model – complete
3. Position IMANA Medical Relief as the lead program of IMANA – in process
4. Additional investments in IMANA Headquarters (HQ) – in process
5. Fundraising and development – in process

As of Dec 31, 2018

IMANA Medical Relief (IMR) is dedicated to saving lives and relieving suffering through disaster response, provision of basic health care to underserved communities, development programs and knowledge transfer. Its missions have provided timely and effective aid for the sick and injured in several countries, while its hospitals, basic health units, clinics and collaborative projects take care of the poor and needy people. IMR provides a great platform to Muslim and non-Muslim physicians and allied health care professionals to participate in medical relief activities around the world.

CAPACITY & SAVING LIVES

If you look beyond the medicine and look at the compassion of medicine, why we do things, and the impact you make -- just the presence of being there meant so much to them, and they were so grateful for that.

- Dr. Neghae Mawla, SaveRohingya volunteer

I as a provider was grateful, just educating patients on the resources that we have and taking advantage of it, versus patients who don't have those resources. That helps me be a stronger physician in understanding patients and the limitations that they have for access to health care.

- Dr. Sabeena Rahman, SaveHaiti volunteer

If you're doing something strictly for the sake of Allah and try to help people, that enriches your life. The feeling I got after I returned from my first mission was appreciation for what we have and the need to go back and help more.

- Dr. Kashif Irfan, SaveSmile volunteer

2017

9 MEDICAL MISSIONS

115 VOLUNTEERS

7 EMERGENCY RELIEF MISSIONS

15 VOLUNTEERS

66,000+ PATIENTS TREATED

BANGLADESH

- IMR team assisted in mobile clinic outreach to Rohingya refugees, 2,288 patients treated.
- IMANA hospital in Noakhali, 3,000+ patients treated

SYRIA

- Medical missions in Jordan for Syrian refugees; 4 teams, 9,574 patients treated
- Cataract Surgery Missions, 305 surgeries
- Projects for Syrian refugees in collaboration with UMR

HAITI

- Medical Mission; 2 teams treated 2,085 patients
- Feed the Children program provided 500 meals/month

SUDAN

- 189 cleft lip surgeries. 8 year total was 1,258 surgeries

PAKISTAN

- Cataract surgery project, 2,122+ patients operated on
- Provided autoclave for Thalassemia center in Karachi
- Dental Mission, 2,000 + patients treated

SRI LANKA

- IMANA Ummah Clinic, 12,047+ patients treated

KENYA

- IMANA Rahmah Hospital construction in progress

GAZA

- Provided \$56,000 for critically-needed medicines

INDIA

- IMANA Diabetic Centers & BHU treated 35,877+ patients

YEMEN

- Provided \$42,000 for essential medicines

USA

- Food, clothing, hygiene supplies for hurricane Harvey victims

PUERTO RICO

- 6 IMR teams helped Puerto Rico Department of Health in healthcare outreach after Hurricane Maria

INDEPENDENT AUDITOR'S REPORT

To The Board of Directors
Islamic Medical Association of North America
Lombard, Illinois

We have audited the accompanying financial statements of Islamic Medical Association of North America (the Association) which comprise of the statement of financial position as of December 31, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material mistreatment, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Islamic Medical Association of North America as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

IMANA
ISLAMIC MEDICAL ASSOCIATION
OF NORTH AMERICA

52ND Annual Convention

UTAH • JULY 27TH-AUGUST 1ST, 2019

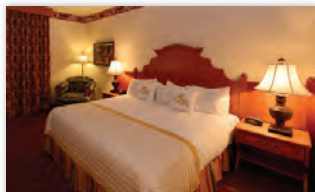

ZERMATT+UTAH

be inspired

Join IMANA's 52nd Annual Convention on July 27-August 1, 2019 in Park City, Utah.

You are cordially invited to attend our annual convention, to be held in 2019 at the Zermatt Utah Conference Resort and Learning Center. Visitors to Zermatt tend to be quietly awed by the rugged beauty of the mountains, luxurious resort amenities, and relaxing recreational activities. Halal meals prepared by a world-class culinary team, opportunities for outdoor adventure, and a location just 45-minutes away from Salt Lake City make this convention the ultimate opportunity for recharging and reconnecting with fellow IMANA members and families.
