**Dr. Ismail Mehr**  
**Chairman**  
**IMANA Medical Relief**

**Subject: Letter of Appreciation**

Dear Dr. Ismail,

The International Cooperation Directorate on behalf of the Palestinian Ministry of Health would like to seize on this opportunity to express its deep gratitude and sincere appreciation to IMANA Medical Relief organization for the generous support provided to the Ministry of Health in its struggle against the menacing COVID-19 pandemic.

It is worth underlining that IMANA's grant of 30,000\$ has made much needed disinfectants and medical disposables available to the MOH front-line health workers who sacrifice their safety and health remaining faithful to their duties and providing health care to patients in the Gaza Strip.

We reiterate our thanks and convey the assurances of our high considerations of your concern to the needs of the Palestinian people and your significant support.

Looking forward to further fruitful cooperation.

Sincerely,

Dr. Abdullatif Alhady  
Director General  
International Cooperation  
Ministry of Health, Gaza
