Dear Dr. Mehr:

Welcome to our family of supporters! On behalf of the Board of Trustees, physicians, and staff of St. Joseph's Health, thank you for your generous donation. **Your financial support makes a meaningful and immediate difference at St. Joseph's, especially now, as we remain on the frontlines of the COVID-19 pandemic.**

*Throughout our long history, St. Joseph's has provided safe and effective care to patients with infectious diseases while prioritizing the health of our workforce, and today is no different—St. Joseph's is answering the call to serve at a time when our community needs us most.*

Whether you gave a gift directly to our COVID-19 Response Fund, chose to support our unrestricted Annual Fund or the St. Joseph's Society, or designated your gift to a special program, please know that your generosity means more now than ever before. Your support will ensure St. Joseph's remains innovative and responsive to the evolving needs of our patients, and will help pave the **road forward** for our dedicated healthcare heroes and our shared community.

Again, thank you for becoming a member of our family.

With gratitude,

Robert Budelman, III  
Vice President, Chief Development Officer
