Chairman, IMANA Medical Relief

Assalam o Alaikum,

We are extremely grateful to IMANA for financially supporting operational activities of our subject medical centre in interior Sindh, since July 2019. The first tranche of US \$ 36,000/- during 2019 enabled us to treat approximately 20,000/- patients living below poverty line. You would also be glad to know that this dispensation is non-discriminatory, because majority of these patients are non muslims (Hindus) i.e. labour community from the adjoining desert areas. The recent second tranche of the same amount for the current year is indeed, a great blessing for the poor beneficiaries, especially in the aftermath of Corona epidemic, when our fund raising activities have been totally stalled both in country and abroad. May Allah Almighty reward you and your team for this timely donation in this world and Akhirah.

We are looking forward to the forthcoming visit of your Managing Director to Pakistan in November. The tentative programme of your visit has been discussed with Mr. Zahid Mahmood, Director Operations. He has also intimated that you as Chairman of IMANA Relief Committee are also visiting Swat in Pakhtunkhwa during November. With regard to your visit, we may suggest that you should visit our Head Office in Rawalpindi enroute to Swat. We will coordinate your detailed programme also with with Mr. Zahid Mahmood.

In the end, once again I appreciate benevolence of your organization and hope to further strengthen our relations for our expanding network of Primary Health Care System in Pakistan.

With best wishes,

Lt Gen Muhammad Mustafa Khan (Retd)
Chairman
Al-Mustafa Trust
