Dear Dr. Mehr,

One of the greatest strengths of the Ochsner community is its people. We are all facing a variety of challenges during this unprecedented crisis for our nation and for the world. But even as you faced this new reality and the demands that came with it, you took a moment to pay tribute to our healthcare workers. As this situation unfolded in March, there were signs of your generosity every day. They came in the form of hand-written notes to workers on the front lines, meals to exhausted employees, funds to expedite research and masks to provide protection. So many offerings of hope and kindness, pouring in every day. Some continue to appear, often on days when it feels like we need hope the most.

The work we do would not be possible without the resilience and strength that you provide. Thank you for standing together for our community. Enclosed you will find a window cling that I hope you will display with pride. Please accept this small token of our unyielding gratitude and know that just as the courage of our front-line heroes will not soon be forgotten, your kindness will be remembered too.

Your gift in-kind of 2,000 Kn95 masks, which you valued at \$2,000.00, truly made a difference. In compliance with Internal Revenue Regulations I am pleased to provide this letter indicating your recent charitable gift to the Ochsner Clinic Foundation, which can be used for income tax purposes.

Gratefully,

A handwritten signature in black ink that reads "Michelle Dodenhoff".
